If I could only have had Tanlao twelve years ago continued Mrs. Will-hams. I would have been saved a world of suffering and many a dollar besides. As of that time was just one unbroken period of misery for me and I had almost despaired of ever getting well. Sometimes I was almost frautic with paths in my back. I could hardly stand for my riothes to touch me, and I couldn't stoop over and straighten up without just suffering agony. I simply haven't words to tell how hadly I did suffer, not only with my back, but also from atomach troubs. I would have frequent attacks of acute indigestion, which would leave me in such a wear, exhausted condition that I couldn't get from stomach trouble i would have frequent attacks of acure indigestion, which would beave me in such a weak, exhausted condition that I couldn't get out of bed for days. I could not eat anything but what a sour gas would form on my stomach and cruise the sharpest kind of pains all through my chest. I often had dizzy spells when everything seemed in he spinning around like a merry-ge-round, and I would turn so sick that I would have to lie down. It seemed to me that I hardly ate enough to keep soul and body together, and my nerves were so upset that I could hardly lift a cup of cerfee to my mouth without spilling it. At night I was so resilese that the town clock struck but few hours without me hearing it, and I would get up in the mornings feeling as hadly as if I had not slept at all.

"Like snyone will, who is suffering. I tried many medicines, but kept getting worse until I reached the point where life was a burden te me. But thanks to Taniac, all my despondent dewn-hearted feelings have disappeared and I am just like a new person. because I have been completely relieved of the troubles that unde life miserable for me so long. I thought she was exaggerating, but I have found out by trying the medicine that everything, and more, she told me about It is true. It just seemed to be exactly what I needed and I had not taken it but a short time until I felt a very decided change in my condition. I soon got to where I could sleep like a child at night, get up in the mornings and prepare my husband's breakfast and out heartly of it myself. My appetite is just fine now and I can eat just anything I want without the least trouble afterward. Political Difference of Sheriff and City Bring Back Repulsive Conditions.

The disgusting spectacle of marching prisoners down Main street from the jail each day to the courthouse for trial, negroes chained together with white people, is the practice in Memphis again. Sheriff Perry refused to take any part in the fight to defeat the city manager bill in the legislature, and the city administration has discontinued permitting the city to take prisoners from the jail to the courthouse in the city patrol wagon.

The use of the parrol wagon for this purpose has been in effect for many years. It was in effect when Mayor Monteverde was sheriff of Sheiby county.

Mayor Monteverds was sheriff of Shelby county.

"The mayor sent for me to some to his office." the sheriff said Friday. "He told me I would have to get off the fence in the charter fight. I told him I was not taking any part in the fight one way or the other. He then declared that I would have to get off the fence, and when I answered that I would not enter the fight at all he threatened to take off the patrol wingon service. Thursday he took the wagon off, and now we have to bring the prisoners from the jail to the courthouse every morning in plain view of the people."

Miss Eifler, who has demonstrated, on several occasions that she is a singer of pleasing talents, is preparing a new vaudeville act with which she will inaugurate a four or professional houses in the near future, probably opening in Memphis, Only recently Miss Eifler appeared at the Opheum and scored a hit with her soulliers new altity and manner. Miss will have another Memphish in it, sowers occasions have been demonstrated of soveral occasions. Among the personal adornments of Grace Oliver, negress, 407 Ashland ave-nue, as she strolled along Rayburn bossevard, near Beale avenue, late Thursday afternoon was a gold neck-lace from which dangled a \$20 gold piece as a charm. As she passed a negro, whom she had never seen before, Grace thought
